"Taking First Steps - Sustainability Reporting Journey of a Manufacturer"

**GUEST SPEAKER**

**Ms Edris Boey**
Sustainability & Compliance Manager, Hong Leong Asia, Singapore

Edris is currently the Sustainability & Compliance Manager at an industrial manufacturing company.

She started off her career in Financial Audit at KPMG and after the MEM programme joined KPMG’s Climate Change & Sustainability.

After 7 years at KPMG as a consultant, Edris moved in-house to HLA in May 2016 and helped the listed entities in the Group to publish their first sustainability reports in 2017.

**INTRODUCTION**

As a listed company on the Singapore Exchange (SGX), Hong Leong Asia was required, as a listing requirement, to publish a sustainability report annually from 2018.

This talk will focus on the first steps of Hong Leong Asia’s (HLA) sustainability reporting journey, and how it was able to report a year ahead of schedule.

It will start with the brief history of HLA, its regional footprint, followed by the process that the Manufacturer underwent, the challenges and the successes, and what next for its sustainability journey.

**FREE ADMISSION**

ABOUT THE **MEM PROGRAMME**

The Master of Science (Environmental Management) (MEM) programme is a multi-disciplinary integrated programme offered jointly by nine faculties and schools in the National University of Singapore (NUS), demonstrating its broad-based approach to education in the field of the environment. It is hosted by the School of Design and Environment (SDE).
